attention of, called to like opinion and practice in Venetian navy	-	23
opinion of, that common stone docks are dry and commodious	-	6
attention of, called to contrary opinions of Commodore Dallas, Commodore Stewart, Colonel Humphreys, H. Bache, J. Randall, jr., J. W. Smith, and John Wilson, engineers	-	24

Dry dock, report from Navy Department relative to	-	-	Vol. No. 4 163
Board of commissioners, opinion of, that ships of war are frequently taken into dock <i>with</i> armament and stores on board	-	5	
attention of, called to opinions of Judge Upshur, Secretary of the Navy, that "it would never be attempted" to take a ship into any dock <i>with</i> her armament and stores on board	-	-	29
Balance dock, proposals for	-	-	45
model of, exhibited	-	-	3
its weight would be its own destruction	-	-	10
plan of, defective	-	-	10
Barker, Josiah, naval constructor, opinion of dry and floating docks	-	-	79
Cost of common stone dock at Pensacola	-	\$1,077,523	20
of sectional floating dock of oak at Pensacola	-	210,000	45
of sectional floating dock of iron at Pensacola	-	360,000	45
of sectional floating dock of oak at Portsmouth	-	245,360	45
of sectional floating dock of iron at Portsmouth	-	444,000	45
of balance dock	-	-	48
Dry dock at Pensacola practicable	-	-	2
cost of, at Pensacola, referred to, (common stone dock)	-	-	2
importance of, at Pensacola	-	-	2
at Portsmouth, N. H., practicable, and facilities for	-	-	2
floating, different kinds enumerated	-	-	3
floating, practicability of, for largest ships, not questioned	-	-	3
sectional floating dock, dimensions of	-	-	3
sectional floating dock, raises ship of 980 tons in the presence of commissioners successfully	-	-	3
sectional floating dock, time occupied by, in raising ship	-	-	3
sectional floating dock, favorable impressions of, entertained by the commissioners	-	-	3
sectional floating dock, time of lowering ship by	-	-	3
cost of, (common stone dry dock)	-	\$1,077,523	20
cost of, (sectional dock of oak)	-	245,360	45
cost of, (sectional dock of iron)	-	444,000	45
sectional floating, judicious adaptation of every part of, in opinion of commissioners, to perform its appropriate function	-	-	3
Dakin, S. D., and others, proposals of, for sectional dock, &c.	-	-	32
Dampness of common stone docks stated by Commodore Stewart and others	-	-	24
Drawing of plan of moving and working sectional dock at Portsmouth	-	-	31
Dale, Captain, opinion of, that ships are preserved by being placed on land, under cover	-	-	22
Dallas, Commodore, opinion of, that common stone dock is damp	-	-	24
Docks, dry, floating, &c., F. Rhodes's opinion of stone	-	-	74
S. M. Pook's opinion of	-	-	79
Samuel Humphreys's opinion of	-	-	77
Josiah Barker's opinion of	-	-	79
Francis Grice's opinion of	-	-	78
Escalier, opinion of, that wood used on dry land, and kept under shelter, will preserve itself for ages	-	-	23

	Vol.	No.
Dry dock, report from Navy Department relative to	-	4 163
Floating dry docks, different kinds enumerated	-	2
practicability of, for raising largest ships, not questioned	-	3
sectional, dimensions of	-	3
sectional, raises ship of 980 tons in presence of commissioners successfully	-	3
sectional floating dock, time occupied in raising ship by	-	3
sectional floating dock, favorable impressions of, entertained by commissioners	-	3
sectional floating dock, time of lowering ship by	-	3
valuable, in the opinion of the board of commissioners, for the use of the mercantile marine	-	4
recommended by the board for the war steamers on our Western waters	-	4
opinion of commissioners concerning, in general	-	6
durability of material of	-	7
economy of construction and use	-	7
description of the construction and manner of using sectional dock, basin, and railways	-	8
all the various operations of the sectional dock, basin, and railways, declared to be practicable by the commissioners	-	9
France, writers in, on naval affairs, admit imperfections of stone docks	-	23
Gilbert, John S., caisson balance dock of, examined	-	3
unwieldy size of his dock	-	10
its weight would be its own destruction	-	10
plan of, defective	-	10
bottom of his dock cannot be examined or repaired	-	10
sinking of his dock "might be hazardous"	-	10
proposals of, for balance dock	-	45
Great Britain, experience of, in naval affairs	-	23
builds line ships in docks, to avoid launching	-	23
her naval writers agree that ships are preserved by being put on land, under cover	-	23
Grice, Francis, opinion of dry and floating docks	-	77
Henshaw, David, Secretary of the Navy, reported in favor of the sectional dock, basin, and ways, for Brooklyn	-	31
extract from report of, in favor of sectional dock for Pensacola	-	31
contract of Judge Upshur for sectional dock at Pensacola, recognised by	-	31
Humphreys, Colonel, opinion of, that common stone docks exclude light and air, and are damp	-	24
Humphreys, Samuel, opinion of stone dry docks and floating docks	-	76
Iron, sectional floating dock of	-	45
Johnson, Professor, and others, report of, mentioned	-	29
Jefferson, President, opinion of, that vessels are preserved by being placed on land, under cover	-	21
Kearney, L., and others, commissioners on dry docks, report of	-	2
letters of, with report	-	1

Dry dock, report from Navy Department relative to	-	-
Kennon and others, commissioners, opinion of, that floating docks can safely raise the largest ships	-	26
report of, in favor of stone docks, not concurred in by Congress	-	31
report of, examined	-	29
Letter of Secretary of the Navy to the Speaker, communicating report of commissioners	-	1
of L. Kearney, senior officer, transmitting report	-	1
Light and air around the vessel in the sectional floating dock	-	24
Latrobe, B. H., civil engineer, opinion of, that vessels are preserved by being placed on land, under cover	-	21
Mason, John Y., Secretary of the Navy, to J. W. Jones, letter of	-	1
letter to, of L. Kearney	-	1
Moody, R., and others, proposals of, for sectional docks	-	32
Navy Commissioners, report of, referred to, that vessels are preserved by being taken out on land, and placed under cover	-	23
Navy Board, President of, (Commodore Rodgers,) opinion to same effect referred to	-	22
Opinion of commissioners, that ships of war are <i>not</i> preserved from decay by being kept or delivered ashore on the stocks	-	11
of B. H. Latrobe, civil engineer, that ships <i>are</i> preserved by being delivered on shore, and kept under cover	-	21
of President Jefferson, to the same effect	-	21
of Captain Dale, United States navy, to the same effect	-	22
of Admiral Soderstrom, of the Swedish navy, to the same effect	-	22
of the Naval Committee of the House of Representatives, to the same effect	-	22
of Commodore Rodgers, President of the Naval Board, to the same effect	-	22
of the Hon. S. Thompson, Secretary of the Navy, to the same effect	-	22
of the Board of Navy Commissioners, to the same effect	-	23
of the Venetian navy, to the same effect	-	23
of the British and French navies, and writers on naval subjects, to the same effect	-	24
of Secretary of the Navy, in favor of sectional floating dock	-	31
of Mr. Sanger, engineer of bureau of Yards and Docks, in favor of same	-	30
of F. Rhodes, United States naval architect, in favor of same	-	27
Ordinary, ships in, preserved by being put under cover on land	-	21
Pensacola, dry dock at, and cost	-	2
estimate for stone dock for,	\$1,077,523	13
cost of sectional floating dock of wood for,	210,000	45
cost of sectional floating dock of iron for,	360,000	45
plan of pier for, and cost	-	39
Portsmouth, dry dock at, and cost	-	2
estimate for common stone dock for,	\$646,161	20
cost of sectional floating dock for, of wood,	245,360	45
cost of sectional floating dock for, of iron,	444,000	45
Practicability of floating docks for largest ships of the line not questioned	-	3

Dry dock, report from Navy Department relative to

Preservation of ships from decay, by being kept or delivered ashore on the	
stocks, maintained	21
denied by board of commissioners	11
sustained by opinion of B. H. Latrobe, civil engineer	21
sustained by opinion of President Jefferson	21
sustained by opinion of Captain Dale, United States navy	22
sustained by opinion of Admiral Soderstrom, of Swedish navy	22
sustained by opinion of President of the United States Navy Board	22
sustained by opinion of Hon. S. Thompson, Secretary of the Navy	22

sustained by authorities of France and England	23
Pook, S. M., naval constructor, opinion of floating and dry docks	78
Report of board of commissioners on dry dock	2
Rhodes, Foster, opinion of, that all the operations of the sectional dock are practicable	27
letter of, to Hon. M. G. Leonard	27
Rodgers, Commodore, opinion of, that vessels are preserved by being placed on land, under cover, referred to	22
Rhodes, F., opinion of, objection urged against stone dry docks	74
Sectional floating dock, with basin and railways, described	24
advantages of, over common stone docks	24
advantages of, its pliable platform	24
advantages of, its bringing ships up into light and air, and affording ample room, and disadvantages of common stone docks in this respect	24
advantages of, in taking out a great number of ships at once	25
facility of repairing	25
facility of moving	25
machinery of, simple, and not liable to accident	25
practicability of, in all its processes, stated by commissioners	39
utility of, for mercantile marine, stated by commissioners	4
perishable parts of, but a trifle more costly than those of common stone docks	28
reported in favor of, by Mr. Sanger, for Brooklyn	31
reported in favor of, by Secretary of the Navy, for Brooklyn and Pensacola	31
proposals for, at Pensacola	33
proposals for, at Portsmouth	36
proposals for pier for, at Portsmouth	32
proposals for, by Stillman, Allen, & Co.	35
proposals for pier for, at Pensacola	39

	Vol.	No.
Dry dock, report from Navy Department relative to	4	163
Sectional floating dock, plan of working, at Portsmouth	-	41
detailed estimate for, at Portsmouth and Pensacola	-	42
basin for, described	-	36
power of, in the one now in use in New York, (2,140 tons)	-	26
"judicious adaptation of every part of," in opinion of commissioners, "to perform its appropriate function"	-	3
with basin and railways, will, as stated by commissioners, "accommodate from six to nine, and any additional number of ships that may be required, by elongating the basin, and building additional railways"	-	6
Schull & Martin's combined tank dock, model of, examined	-	3
plan of, not approved by the commissioners	-	4
Sanger, W. P. S., report of, in favor of sectional floating dock, basin, and railways, for Brooklyn, mentioned	-	31
his opinion of the practicability of all its processes	-	26
and others, report of, on dry docks	-	2
Soderstrom, Admira', Swedish navy, opinion of, that ships are preserved by being placed on land, under cover	-	22
Stone dry dock, common, unavailable on the Western waters	-	4
plan of, now in use	-	5
cost of, and estimate for, at Pensacola, (\$1,077,153)	-	13
gates of, perishable	-	5
machinery for drainage of, perishable, and costs \$87,831	-	20
dampness of, and want of light, air, and space, stated by Commodore Stewart, Commodore Dallas, and others	-	24
these disadvantages not admitted by commissioners	-	6
can receive but one vessel at a time	-	6
Thomas, John, longitudinal dock and floating wharves, model of, examined; and an insuperable objection to, mentioned by commissioners	-	4
Upshur, Judge, Secretary of the Navy, contract of, for sectional dock at Pensacola	-	31
opinion of, that it never would be attempted to take a ship into any dock with her armament, referred to	-	29
